

CAPABILITIES STATEMENT

Finding a way . . .

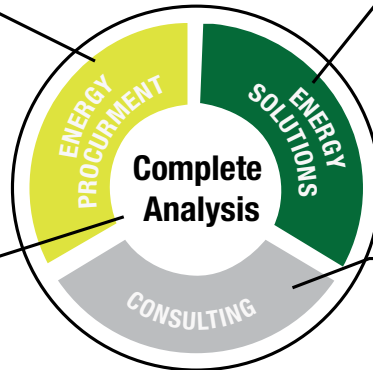

CORE COMPETENCIES

Gas & Electric

We work with over 100 suppliers nationwide to negotiate the best rates and terms for your company.

One-Stop Shop

We offer a holistic approach on both sides of the meter and help fund our clients' projects through our consulting division.

Roofing, Mechanicals & Lighting

We've partnered with the area's best engineers to create energy efficient sites.

Audits, Project Management and Grant Writing

We go beyond energy assessments and project management to also help our clients identify ways to save and fund energy projects through grants, as well as House Bills, tax incentives, and rebates.
